Sir,

Requestes to place the following resolutions before the next meeting of the Panchayat.

RESOLUTION- I.

1. Request the Highway department of the Government and Sri Keloth Narayanan Nambiar, M.L.A./of this constituency to represent to the Collector to take immediate necessary actions to get these works done.-

(a) From Mile stone 2/45 of Kanhangad-Nileshwar Road, towards south for every half furlongs there are low levels and high levels upto Mile stone 5/45, and during rainy season, the roads get spoiled with pits and mud here and there thus giving difficulties to the travellers and traffic. It is now understand that this road is going to be tarred. The present condition of the road will not serve that purpose. Hence it will be much convenient and helpful and useful if the mud from high level area between Mile - stones 3/45 to 5-45 are removed to the low level area between mile stones 3/45 to 2/45. If this is done before tharring it will be more easier for the work. Besides, the road should be widened.

(b) To reconstruct the existing bridge between mile stone 45-46 as it is causing nuisance to cultivation incertain places and to travellers and traffic in another places.

(c) As the bridge near railway crossing has been damaged in the same road, a temporary measure have taken from collapsing. Since the condition of the said bridge is very very dangerous as about a dozen times the service busses and other vehicles and travellers are passing daily, this may be reconstructed as early as possible.
